Minutes from the November 2016 Meeting, were presented and accepted. Mvd. A. Wurst. Sec. S. Humphries.
Crd.

Business Arising from the Minutes.

- Cemetery Fence Grant Received Grant for \$2500 go ahead with this project.
- Old School building committee : - (plan meeting for February maybe after Feb Newsletter goes out.)
Application for roof is in but not sure that we will get the grant. Won't hear until the financial year.
- RSL Building:
 1. Site plans some ideas were mentioned re list in folder.
 2. Demolition tenders going out - probably would be done by June 2017
- Co Op - Report on information. Rosie had spoken to the Accountant, that had set up the Co-op hardware at Sealake in Victoria, he felt that because of our close proximity to other towns, that it would be unlikely that we would be successful, as we have a small business running a café and stocking some general food items. Costly to manage, the share holdings, and the legal set up.
- Nuriootpa electrical store, part of the co-op would be interested in helping with stocking a store with goods, with a small mark up, that would be purchased on a 30 day account, and the stock can be personally picked eg electric kettles, toasters, electric knives, etc.
- On the run may be this is a possibility.
- Peak body notice boards. Shift to where mail boxes are see Jill Vater
- Ramp funding – Council have made a grant to cover the costs of \$1000-00
Newsletter next one to be on about the 10th February 2017

Correspondence. Presented

Finance Reports to be distributed. Rosie moved that financial reports be accepted, as reconciled. Sec Jackie Schulz.

Bingo Report Finances- no further update.

General Business

Xmas Party.

_Liz gave a report and said that she thought everything was organized, and that she had extra workers to help with stalls etc. Santa organized, and the pick up organized with Murray I'Anson.

Peak Body works.

- Cemetery fence will wait till after the break to get a final quote and then budget how we are going to complete this project..
- Information Pack for new residents(work in progress)

Reports
