Special Meeting – February 16, 2020

Main Street Park Project – next stage

Present: R&P Richardson, D Newhouse, J Naughton, H Webb, M Jaeschke, A Nourse, K&J Schwarz, M&I'Anson

- To review, discuss and plan continuation of Main Street Park project;
 - To celebrate current completion of project
-
1. Primary school pavers – location? (24)
 - Around sundial and around the farm machinery
 - Be selective as to which one goes where
 - Need to be on a slant, cemented into the ground so they are not walked on and can be viewed by everyone
 2. Sundial
 - To be installed between lawn area and shelter
 - Concreted in for safety and stability
 3. One remaining tree to plant – very large
 - Needs to be planted in a non-invasive area (towards the rear of the park?)
 4. Three pieces of machinery
 - Behind the shelter shed on the levelled area
 - Cover the ground in rose gravel (same as around horse and dog)
 5. Lions Club wall
 - Location along Newark Street pathway
 - To be low (1 metre in height) with displays cemented in to the top as opposed to front viewing
 - Lions would prefer it to be on an angle; Committee not in agreement as could be a WHS risk and may interfere with other plans for the park.
 6. Logo – to be laser cut and placed on the frame of the shelter
 7. Black boy plants (in metal) to be put near the horse and dog
 - One large and two small
 - Use the money from S Morris – Hub Shop
 8. Name of park with photo to be announced in the Plains Producer
 9. Storage shed renovations – lower the door / remove the stairs / fix the flooring
 - Potentially paint with stable doors to be aesthetically pleasing
 10. Opening ceremony – aim for September

11. Rocking toys – about \$5000 each – source funding
12. RSL Memorial to be placed at the front of park, left side corner
13. M I'Anson to donate excess hose for watering purposes and will organise for the tractor to be delivered
14. Signage for the park name to be designed and costed

Thank you to attendees and

Thank you to the providers of drinks and nibbles
